OBJECTIVE

Dynamic and detail-oriented engineering graduate seeking a challenging role to contribute technical expertise, problem-solving abilities, and a passion for innovation in a fast-paced environment, fostering both organizational and personal growth.

EDUCATION

Bachelor of Computer Science, Yogi Vemana University, Kadapa
CGPA:8.3

2021-2025

Intermediate (M.P.C), Sri Vivekananda, Vinjamur, Nellore
Percentage:92%

2019-2021

SKILLS

Frontend: HTML5, CSS3, JavaScript, React, Tailwind CSS, Responsive Design

Backend: DJANGO, REST FRAMEWORK

Databases: MySQL, PostgreSQL

Version Control: Git, GitHub

Other: Debugging tools, python,

Certifications: Python, MySQL (Hacker Rank) |

EXPERIENCE

FINGERTIPPLUS | Python Developer Intern | Remote

August 2025-December 2025

- Developed a full-stack **Busses Management** Application to streamline bus scheduling, ticket booking, and route tracking.
- Implemented secure authentication, real-time seat availability, and CRUD operations using Django, SQLite, and REST APIs.
- Enhanced user experience through responsive UI design and optimized backend performance for faster data retrieval.

PROJECTS

❖ Notes App (React + Flask REST API, SQLite, JWT Auth)

- Developed a responsive full-stack note-taking app with secure login and CRUD operations.
- Frontend built using Django state/hooks and Tailwind CSS.
- Backend: Flask REST API with JWT authentication; deployed frontend on Vercel and backend on Railway.

❖ A Comparative Analysis of Gradient Boosting Algorithms for Air Quality Prediction

- Developed a Random Forest AQI prediction model with 91% accuracy using pollutant and meteorological data.
- Enhanced performance through data preprocessing and feature selection; XGBoost, Cat Boost, and Light GBM achieved R² scores of 96%, 95%, and 94% respectively.

EXTRA-CURRICULAR ACTIVITIES

- Participation certificate in the workshop on “recent trends in computer science and engineering”.
- Certified as Constitution topper at school in competitive exams
- Languages: Telugu, English, Hindi
- Secured second prize in debate competition in university.
- Solved the Data structure problems more than 60 in Geeksforgeeks.

LEADERSHIP

- Led the KABBADI team as captain, fostering teamwork and providing mentorship to enhance individual and group performance.
